Subject: Re: ? about W544 County Rd P, Fountain City

Follow Up Flag: Follow up
Flag Status: Completed

Hello Sheryl,
I looked into the property W544 County Rd P. The permit was issued May 21, 1975, for a dwelling and detached garage. The house and garage were built at the same time. There have been 2 permits issued for additions to that accessory structure. 1990 and 2001.
Permits on record for this property:
1975-30 New dwelling and detached garage
14678 sanitary
1990-77 addition to accessory structure (detached garage)
298436 sanitary
2001-150 addition to accessory structure(detached garage)

As far as having a business in the shop, Buffalo County would require a conditional use permit. This would go before the board of adjustments to be granted or denied. They would also need a signed towns acknowledgement form from the Town of Cross. This application fee is $750.00.

Please let me know if you have any other questions.
