This Executive Summary was prepared on January 17, 2018 (insert date) by Timothy J. Voeller, General Counsel, Bielinski Homes, Inc. (state name and title or position).

***Note:** A "Statutory Reserve Account" is a specific type of reserve account established under Wis. Stat. § 703.163 to be used for the repair and replacement of the common elements in a residential condominium (optional for a small condominium with less than 13 units or a mixed-use condominium with residential and non-residential units). In a new condominium, the developer initially decides whether to have a statutory reserve account, but after the declarant control period ends, the association may opt-in or opt-out of a statutory reserve account with the written consent of a majority of the unit votes. Existing condominiums must establish a statutory reserve account by May 1, 2006 unless the association elects to not establish the account by the written consent of a majority of the unit votes. Condominiums may also have other reserve fund accounts used for the repair and replacement of the common elements that operate apart from § 703.165.

Prior to the conveyance of twenty-five percent (25%) of the Interests to Owners other than Declarant, the Association shall hold a meeting and the Owners other than the Declarant shall elect at least twenty-five percent (25%) of the Directors. Prior to the conveyance of fifty percent (50%) of the Interests to Owners other than Declarant, the Association shall hold a meeting and the Owners other than the Declarant shall elect at least thirty-three and one-third percent (33 1/3%) of the Directors. 4.4 Management. The Board may at its discretion impose further conditions upon its consent to any proposal as it deems appropriate. Approval of a proposal shall be deemed given if the Association President (A) indicates in writing or (B) fails to respond within ninety (90) days following the Owner's written submission of a proposal unless, prior to the expiration of such period, additional information is requested of the Owner by the Board or the Board issues its written disapproval.

5.2 General Assessments. The Association shall levy assessments based on each budget. The budget shall be allocated pro rata based on the Interests of each Unit, except as otherwise set forth in this Declaration.

5.3 Special Assessments and Charges. The Association may also levy (a) special assessments on all Units for any purpose for which a general assessment may be levied, (b) special assessments or fines on a particular Owner for the purpose of collecting any amounts due the Association or enforcing compliance by such Owner with any provision of the Condominium Documents including without limitation Section 14.2 of this Declaration, and (c) requests by an Owner to service Limited Common Elements above and beyond the normal scheduled service provided by the Association. The Board may adopt a Rule to impose uniform charges for services which the Association provides related to transfer of Units, review of proposals under Section 4.5, and the like.

5.4 No Statutory Reserve. The Declarant is not establishing a statutory reserve account for the Condominium pursuant to Section 703.163 of the Act and anticipates that future expenditures for the repair and replacement of Common Elements will be funded through a reserve account established and funded pursuant to the terms of this Declaration.

5.5 Installments; Late Payments. General assessments shall be made on an annual basis but shall be due and payable in monthly installments on the first day of each month. Special assessments shall be due and payable at such time and in such manner as the Board may determine. Any assessment or installment of an assessment not paid within ten (10) days of its due date, shall be delinquent and the Owner may be subject to a late charge and/or interest as set forth in the Bylaws or in the Rules. All payments upon account shall be first applied to the interest, if any, and then to the assessment payment first due.

5.6 Enforcement; Liens. If an Owner defaults in any payment, the Association shall take appropriate measures as provided by law; provided that in the exercise of reasonable business judgment, the Board may elect not to take such measures in cases of hardship or unlikelihood of recovery. The defaulting Owner shall be responsible for all costs incurred by the Association in seeking to enforce payment including reasonable attorney fees. Owners shall be both personally liable for assessments and a lien shall be imposed against such Owner's Unit for any unpaid assessments. Liens for unpaid assessments shall also extend to and secure interest, fines and reasonable costs of collection, including attorneys' fees incurred by the Association incident to the collection of assessments or enforcement of liens. The Association may purchase a Unit upon the foreclosure of its lien.

5.7 First Assessment. Except as provided in Section 5.11 below, regular assessments shall be levied and installments thereon shall commence being due and payable as of the date the final certificate of occupancy is issued for the Unit; provided that the monthly installment shall be prorated on a daily basis.

5.8 Initial Working Capital Fund. Each purchaser of a Unit from Declarant shall, at the time of conveyance, pay to the Association an amount equal to two (2) months installments of the general assessment provided for in this Article, or such

greater amount as is designated by the Board. Amounts paid under this Section shall not be considered advance payments of installments of general assessments but shall be maintained as working capital and kept in a segregated account. The working capital fund may not be used by Declarant to defray Declarant expenses, reserve contributions or construction costs, nor may Declarant apply any of the working capital fund against Association budget deficits during the period of Declarant control. Upon the expiration of Declarant control, this fund, to the extent the Board so designates, may be held to meet unforeseen expenditures or to supplement the replacement reserve fund.

5.9 Association Statements. Within ten (10) days of written request from a Unit Owner or Mortgagee, the Association shall provide a letter stating the existence of outstanding general or special assessments against the Unit, if any. Notwithstanding anything to the contrary in the preceding sentence, all Units conveyed by Declarant shall be deemed conveyed free from outstanding general, special or working capital assessments and no such letter shall be required or given as to such Units.

5.10 Common Expenses and Surpluses. Common expenses and surpluses shall be allocated among all Owners according to the Interest applicable to their Units. All common surpluses of the Condominium for each of its fiscal years shall be retained for common expenses of the Condominium for the next succeeding fiscal year.

5.11 Deficit Funding. Declarant shall be entitled to reimbursement from the Association for such expenditures if there are surpluses in that fiscal year.

ARTICLE 6

ARTICLE 7
RESTRICTIONS ON USE AND OCCUPANCY

7.1 Permitted Uses. Each Unit shall be occupied and used only for residential purposes and for no other purpose. No trade or business shall be carried on anywhere on the Condominium, except for (1) the incidental use of a Unit for personal business conducted by mail and telecommunications which does not burden the use of the Common Elements by frequent visits by business service providers or customers, subject to any Rules relating to such burdens, or (2) the sale or lease of Units, subject to the other provisions hereof and any Rules related thereto, or (3) the establishment of offices by Declarant, its specific assignee of its rights under Section 17.7, or its agents for sales of Units or by the Association for conducting its affairs. 7.2 Leases of Units. An Owner of a Unit may lease the Owner's Unit for terms of not less than six (6) months, except that the Declarant may lease Units it owns on such terms that Declarant desires. Each lease of a Unit shall require that the lessee comply with the terms and provisions of the Act and the Condominium Documents and shall further provide that a breach of the Condominium Documents or Act shall be deemed a default under the lease. Within five (5) business days after entering or renewing a lease for an Owner's Unit, the Owner shall provide a copy of such agreement to the Association. An Owner shall be responsible to the Association and each other Owner for any breach of any provision of the Condominium Documents caused by a lessee or an Occupant. The Association will only need to deal with the Owner and may, but shall not be obligated to address any breach with the offending lessee or Occupant. Before any lessee occupies a Unit, the Owner shall provide a copy of the Condominium Documents to such lessee. In no event shall an Owner, Occupant or agent of an Owner or Occupant display any sign on the Property or within the Unit which sign is visible from the exterior of the Unit relating to the availability of a Unit for lease or sublease, including, without limitation, a "For Rent" sign.

7.4 No Obstructions. Owner shall not cause or permit the Common Elements, except the Limited Common Elements, to be used in a manner that denies other Owners the full use of such portion of the Common Elements. Walks and drives shall be kept clean and orderly. No person shall occupy, park or otherwise use a vehicle so as to block access to or exit from another Unit or the approach thereto. Junked, inoperative or unlicensed vehicles and vehicles licensed as boats, trailers, buses, campers, camping trucks, house trailers, snowmobiles or other land vehicles (such as ATVs) or the like shall not be stored, parked or placed anywhere on the Common Elements. Except as provided below, Owners shall store vehicles in garages as no other vehicles shall be stored, parked, or placed overnight in a driveway of the Condominium without the express written consent of the Board. Notwithstanding the foregoing, Owners may park up to and no more than one (1) "permitted vehicle" overnight in the driveway attached to their Unit's garage provided such parked "permitted vehicle" does not block any sidewalk that intersects with said driveway. For purposes of this section "permitted vehicle" shall be defined as a vehicle without any corporate or commercial lettering on it that is a coupe, sedan, sport utility vehicle, sport utility wagon or minivan with four wheels and the term "permitted vehicle" **shall not include** any of the following vehicles: a) vehicles of any kind that show rust, broken windows, deterioration or missing parts, b) trucks of any kind (light, pick-up, commercial or otherwise), c) station wagons, d) vehicles with corporate or commercial lettering on it, e) vans, or f) any vehicle the Board determines, in its sole discretion, that is not a "permitted vehicle". In the event the Owners or Occupant of a Unit choose to park the one (1) "permitted vehicle", or choose to violate the Declaration and park an un-permitted vehicle, in the driveway overnight the following conditions shall apply: a) if, after a snow event, the Owner or any Occupant has failed to remove the parked vehicle from the driveway in order to allow the snow/ice removal service to remove the snow/ice from the driveway, the Association shall have no obligation to remove the snow/ice from the driveway and the Owner shall be responsible for the removal of all snow/ice from the driveway at their sole cost and expense; b) the Owner of the Unit at which the vehicle is parked shall indemnify and hold harmless the Association, its members, directors, employees, insurers, agents, successor and assigns, from and against any and all claims, demands, causes of action, debts, accounts, agreements, contracts, representations, covenants, obligations, damages, judgments, losses, liabilities, costs, expenses, including, without limitation to, attorneys' fees, and/or claims for indemnification or contribution of whatsoever kind or nature, in law, equity or otherwise that are attributable to the parking of the vehicle in the driveway, including but not limited to snow/ice removal issues due to parking of vehicles, that causes (1) bodily injury, sickness, emotional distress, disease, death, or any other personal injury or adverse health effects, or (2) any damages, injury to or destruction of tangible real or personal property, including loss of use thereof.

7.5 Waste. Accumulations of waste, litter, excess or unused building materials or trash other than in appropriate receptacles is prohibited, and garbage containers shall be situated only in locations designated by the Association. No materials shall be consumed by fire in incinerators, open fires or elsewhere.

7.6 Antennas and Temporary Structures. Notwithstanding the foregoing, no antenna, aerial, satellite dish or cable for television or radio reception shall be installed on the front elevation of any Building. Any satellite dish approved by the Board shall be the smallest sized satellite dish available and shall be installed near the rear of the Building. In every case, the antenna, aerial, satellite dish, cable for television or radio reception must be in compliance with City of Waukesha ordinances. No structure, trailer, tent, shack or barn, temporary or otherwise, except for those maintained by Declarant, shall be placed or maintained on any portion of the Condominium nor shall any clothes hangers or clothesline be placed or maintained within or on the Common Elements without the written consent of the Board.

7.7 Utility Lines. Any supply lines, waste lines, pipes, wires, conduits or public utility lines running through a Unit which serve more than one Unit shall be deemed owned as tenants in common by all Unit owners.

7.8 Quiet Enjoyment. Each Owner shall have the right to use its Unit in accordance with this Declaration and applicable law, free from unreasonable interference from other Owners and Occupants.

7.9 Noxious Activity. No use or practice shall be allowed on the Condominium which: (a) is a nuisance, or (b) is immoral or improper or offensive in the opinion of the Board of Directors, or requires any alteration of or addition to any Common Elements, or (c) is in violation of the Bylaws or Rules of the Association, or (d) unreasonably interferes with or is an unreasonable annoyance to the peaceful possession or proper use of the Condominium by other Unit owners or occupants, including the use of musical instruments, television, or radios at such times or in such volumes of sound as to be objectionable.

7.10 Legal Restrictions. No unlawful use may be made of the Condominium or any part thereof and the Association and each Owner shall strictly comply with all valid laws, orders, rules and regulations of all governmental agencies having jurisdiction thereof, including, without limitation, the City of Waukesha's municipal code, building code and building permit procedures (collectively "Legal Requirements"). Compliance with any Legal Requirements shall be accomplished by and at the sole expense of the Owner or Owners or the Association, as the case may be, whichever shall have the obligation under this Declaration to maintain and repair the portion of the Condominium affected by any such Legal Requirements. Each Owner shall give prompt notice to the Board of Directors of any written notice it receives of the violation of any Legal Requirements affecting its Unit or the Condominium. Notwithstanding the foregoing provisions, any Owner may, at its expense, defer compliance with and contest, by appropriate proceedings prosecuted diligently and in good faith, the validity or applicability of any Legal Requirements affecting any portion of the Condominium which such Owner is obligated to maintain and repair, and the Association shall cooperate with such Owner in such proceedings, provided that:

(i) Such Owner shall pay and shall defend, save harmless, and indemnify the Board of Directors, the Association and each other Owner against all liability, loss or damage which any of them respectively shall suffer by reason of such contest and any noncompliance with such Legal Requirements, including reasonable attorneys' fees and other expenses reasonably incurred; and

(ii) Such Owner shall keep the Board of Directors advised as to the status of such proceedings. ((i) and (ii) above collectively called the "Conditions as to Contest").

Such Owner need not comply with any Legal Requirements so long as it shall be so contesting the validity or applicability thereof, provided that (a) noncompliance shall not create a dangerous condition or constitute a crime or an offense punishable by fine or imprisonment, and (b) no part of any Building shall be subject to being condemned or vacated by reason of noncompliance or otherwise by reason of such contest ((a) and (b) are called the "Conditions as to Deferral of Compliance"). The Association may also contest any Legal Requirements without being subject to the Conditions as to Contest and may also defer compliance with any Legal Requirements, but only subject to the Conditions as to Deferral of Compliance. The costs and expenses of any contest by the Association shall be a Common Expense.

7.11 Decorations; Signs; Patios Decks and Porches. No Owner shall decorate or alter the Common Elements without the consent of the Board of Directors. No Owner of a Unit, except the Declarant, may erect, post or display posters, signs or advertising material on the Condominium, except that an Owner may place in the window of Owner's Unit a temporary sign relating to the open house of Owner's Unit for sale not exceeding 18" x 24." No awnings or enclosures shall be installed on patios, decks or porches without the consent of the Board of Directors. Patios, decks and porches shall not be used for storage, including the storage of motorcycles, baby carriages, bicycles, wagons, etc. or for airing or drying of laundry, carpet, rugs or clothing. All interior window coverings are to be of a neutral color or lined in a neutral color.

7.12 Architectural Control. The Board of Directors shall establish procedures for administering requests for permission to change, alter or improve Common Elements or construct or install any items thereon. Any committee therefore shall have at least three (3) members and shall consider the architectural harmony of the proposed action with the existing Condominium when arriving at any decision.

7.13 Grills. Fixed grills shall be allowed on patios on such terms and conditions as approved by the Board and all other grills must be covered.

7.14 No Time Shares. No Unit shall be subject to any time share or similar arrangement, whether or not under Wis. Stats. Chapter 707.

Each Owner and Occupant shall comply with all applicable governmental or Association statutes, ordinances, regulations or Rules relating to the storage, transport and release to, from, on or in such Unit of any substance or compound governed by any one or more of Wis. Stats. Chap. 144; CERCLA; TOCSA; RCRA; amendments to any of the foregoing; and similar laws now or

hereafter in effect relating to the storage, transport or release of substances and compounds.

ARTICLE 8
RECONSTRUCTION AND CONDEMNATION

8.1 Reconstruction. In the event of fire, casualty or any other disaster affecting one or more of the Units or Common Elements (the "Damaged Premises"), the Damaged Premises shall be reconstructed and repaired, unless otherwise determined as provided below. Reconstruction and repair shall mean restoring the Damaged Premises to substantially the same condition as existed prior to the fire, casualty or disaster, and in accordance with the maps, plans and specifications used in the original construction insofar as practicable. The Board may authorize changes to the same with the consent of the Mortgagees of the Units so affected and with the recordation of an amendment to this Declaration explaining the effects thereof.

8.2 Insufficient Proceeds. If insurance proceeds are insufficient to reconstruct or repair Common Elements, then, subject to Section 8.3, the Owners of all Units shall be assessed according to their Interests for the deficiency relating to the reconstruction or repair of Common Elements comprising Damaged Premises. The provisions of Article 5 shall apply to all sums assessed for any deficiency.

8.3 Partition. If the insurance proceeds are insufficient to reconstruct or repair the Common Elements (excluding any deductibles under the Association Insurance), then the Condominium shall be subject to an action for partition upon obtaining the written consent of all Owners and Mortgagees. If such approval is not obtained within thirty (30) days from the date of adjustment of insurance proceeds following the fire, casualty or other disaster, then no such action for partition shall be maintained or initiated.

8.4 Control of Adjustment and Restoration. The Association shall have the sole power to settle adjustments with the insurance carrier for Association Insurance. The Association shall have the sole power to engage contractors to restore the Common Elements and Association insured portions of the Units. The Association shall have no responsibility to repair, reconstruct or replace any improvements in a Unit which are not insured by Association Insurance or any improvements installed or altered subsequent to initial construction of the Unit.

8.5 Construction Fund. Insurance proceeds and special assessments under Section 8.2 shall constitute a construction fund, with insurance proceeds disbursed first. Any surplus funds shall be held or distributed to the Owners and their Mortgagees as their interests may appear, in accordance with their Interests.

8.6 Condemnation. If all or any portion of the Condominium is taken under the power of eminent domain or sold in settlement or anticipation of any pending or threatened proceeding, this Section shall control. Each Owner of an affected Unit shall have the right to appeal the necessity of the taking and of the amount of condemnation award with respect to its Unit and Limited Common Elements appurtenant to such Unit. The Association shall have the exclusive right of appeal of the necessity of the taking and the amount of the condemnation award with respect to the General Common

Elements. Any settlement or decision on an appeal by the Association as to the General Common Elements shall be binding upon all Owners. Damages shall be awarded and Interests shall be adjusted as follows:

(a) Each Owner is entitled to the entire award for the taking of all or part of its Unit and Limited Common Elements appurtenant to such Unit and for consequential damages to the Unit.

(b) If no reconstruction is undertaken, any award for the taking of General Common Elements shall be allocated to all Owners in proportion to their respective Interests.

(c) Where an entire Unit is taken, the Interests and votes on Association matters appertaining to the remaining Units shall be adjusted post-condemnation so that an Interest shall be one (1) divided by the number of Units remaining post-condemnation. A partial taking of a Unit shall not include the Interest or vote appurtenant to the Unit. If Interests or votes are affected, the Association shall record an amendment which discloses the nature of the taking and adjustments caused thereby. Following the taking of all or a part of the Units and the Common Elements, the Association shall promptly undertake to restore the improvements of the Common Elements to an architectural whole. Costs of restoration in excess of the condemnation award shall be a common expense. If the Board determines that reconstruction or restoration is not practical, the entire Condominium shall be subject to an action for partition upon obtaining the written consent of the Owners having 75% or more of the Interests. Upon partition, the net proceeds of sale of the Condominium, together with any net proceeds of the award for taking, shall be considered as one fund and divided among all Owners in accordance with their Interests. If the 75% approving vote is not obtained within thirty (30) days of the Board decision, then reconstruction shall take place with costs of restoration of Units and the General Common Elements in excess of condemnation proceeds assessed against all Owners in proportion to their Interests.

ARTICLE 9
INSURANCE

9.1 Association Insurance. The Association shall obtain and maintain comprehensive general public liability insurance for occurrences on the Common Elements, special causes of loss property damage insurance coverage on the Common Elements, and such other policies or coverage as the Board deems necessary or advisable.

9.2 Coverage of Association Insurance. The property damage insurance coverage shall be in an amount equal to the maximum insurable replacement value, with an "agreed amount" and a "replacement cost" endorsement, without deduction or allowance for depreciation. This coverage amount shall be annually reviewed and shall insure against loss or damage by fire and other hazards as commonly covered by a standard extended coverage endorsement and such other hazards as customarily covered with respect to buildings similar in construction, location and use. Commercial general liability coverage shall be in such amounts as the Board determines annually, but not less than $1,000,000 per occurrence.

9.3 Proceeds. Association Insurance proceeds for property damage loss shall be for the benefit of the Association, Owners of damaged Units and their Mortgagees as their interests appear in order to finance reconstruction of damaged Common Elements except as otherwise provided in Article 8. Liability coverage and other insurance proceeds shall be applied as the Association directs.

9.4 Cost. All premiums for Association Insurance and other insurance obtained by the Association shall be a common expense of the Condominium, except that any increase in the rating or premium charged for any such insurance caused by the character or use of Unit shall be allocated solely to such Unit's Owner.

9.5 Waiver of Subrogation. The Association and each Owner acting both for themselves and for their respective insurers, waive any claim it or they may have against the other for any loss insured under any policy obtained by either to the extent of insurance proceeds actually received, however loss is caused, including such losses as may be due to the negligence of the other party, its agents or employees. All policies of insurance shall contain a provision that they are not invalidated by the foregoing waiver, but such waiver shall cease to be effective if the existence thereof precludes the Association from obtaining any policy of insurance at a reasonable and customary rate.

9.6 Acts Affecting Insurance. No Owner or Occupant shall commit or permit any violation of covenants or agreements contained in the Association Insurance, or do or permit anything to be done, or keep or permit anything to be kept, or permit any condition to exist, which might (1) result in termination of any such policies, (2) adversely affect the right of recovery thereunder, (3) result in reputable insurance companies refusing to provide such insurance, or (4) result in an increase in the insurance rate or premium over the premium which would have been charged in the absence of such violation or condition, provided that, in the case of such increase, the Owner responsible for such increase shall pay the same. If the rate of premium payable with respect to the Association Insurance or with respect to any policy of insurance carried by any Owner shall be increased over the rate charged for the lowest-rated Unit, (a) by reason of anything done or kept in a Unit, or (b) the failure of any Owner or Occupant to comply with Association Insurance requirements or (c) the failure of any Owner or Occupant to comply with this Declaration or the Bylaws, then the particular Owner shall reimburse the Association for the resulting additional premiums. The Association reimbursement right is without prejudice to any other Association remedy, and may be enforced by special assessment against the particular Unit.

9.7 Exclusions From Coverage. Association Insurance coverage may exclude (1) coverage of the Unit itself and any personal property located within or pertaining to the exclusive use of a Unit; and (2) liability coverage of an Owner, its guests, invitees, employees or any other Occupants of such Unit, arising out of any occurrences within a Unit or relating to an Owner's personal property. It is the sole responsibility of each Owner to obtain such insurance coverages as are excluded from Association Insurance.

ARTICLE 12

No action to challenge the validity of an amendment shall be permissible if commenced more than one (1) year after the amendment in question is recorded.

13.2 Requirement for Special Approvals of Certain Amendments. (a) No amendment shall adversely affect a special right conferred on or reserved to Declarant under this Declaration without Declarant's written consent.

Expenses incurred by the Association shall be assessed against the Unit's Owner and shall be subject to all rights and remedies reserved under this Declaration with respect to collection, expense, late payment penalties or interest, filing of a lien and/or foreclosure as reserved at Article 5 of this Declaration. Once the Association has taken such an action, it shall not be obligated to take any other or further action with respect to the same, similar or subsequent failure by the same or a different Owner of Occupant.

ARTICLE 16
EASEMENTS

16.1 Right of Entry. A right of entry to each Unit is reserved to the Association and its agents to service utility installations provided request for entry is made in advance and at a convenient time for the Owner. In case of emergency, entry of a Unit may be made immediately, whether the Owner or Occupant of the Unit is or is not present and without liability to the Association or its agents. Any damage or loss caused as a result of such emergency entry shall be at the sole expense of the Owner if, in the reasonable judgment of those authorizing the entry, such entry was for emergency purposes.

16.2 Encroachments. If any portion of the Common Elements encroaches upon a Unit or any Unit encroaches upon the Common Elements or upon any other Unit or if any utility lines encroach upon either the Common Elements or a Unit, a valid easement for the encroachment and maintenance of same shall exist for the duration of the encroachment. Minor encroachments of parts of the Common Elements and utility lines due to reconstruction of part or all of a Unit shall be permitted and an easement for such encroachments and the maintenance thereof is prospectively reserved.

16.3 Utility and Emergency Easement. The Condominium shall be subject to an easement granted and reserved to the City of Waukesha for the installation, maintenance, repair and replacement of watermain, sanitary sewer and storm water utilities over, upon and under the portion of the Condominium as described on the Plat. A detailed legal description of the watermain easement is found on **Exhibit A**. Additionally, the Condominium shall be subject to an easement granted and reserved to the City of Waukesha for public safety and public service access, including but not limited to police, fire and rescue services over and upon the portion of the Condominium as described on the Plat. Within these easements, no structure, planting, vehicle or other materials shall be placed or be permitted to remain which may damage or interfere with the installation or maintenance of utilities, or which change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements or which may obstruct or retard the access of public service entities. The easement area and all improvements in it shall be maintained on a day to day basis by the Association as part of the Common Elements. Should it become necessary for the City of Waukesha to maintain the utility and access easements, the Association, or each or any of the Owners shall be invoiced, specially assessed or specially charged for any expenses incurred by the City of Waukesha. All rights and easements described herein are perpetual rights and easements appurtenant to and running with the land and shall be binding upon, and inure to the benefit of: (1) the Declarant; (2) Association; and (3) the City of Waukesha. Any easement granted to the City of Waukesha shall not be terminated without the express written consent of the City of Waukesha that is recorded with any such proposed termination.

16.4 Further Easements. The Association may grant easements over and through the General Common Elements for such purposes as the Board deems reasonable for the benefit of the Owners.

ARTICLE 17
CONSTRUCTION AND EFFECT

17.1 Number and Gender. Whenever used herein, unless the context shall otherwise provide, the singular number shall include the plural, the plural shall include the singular, and the use of any gender shall include all genders.

17.2 Captions. The captions and article and section headings in this Declaration are intended for convenience and reference only and in no way defines or limits the scope or intent of the various provisions hereof.

17.3 Including. Whenever used herein, the term "including" preceding a list of one or more items shall indicate that the list contains examples of a general principle and is not intended as an exhaustive listing.

17.4 Severability. If any portion of this Declaration or its application to any person or circumstance is held to be invalid or unenforceable, the remainder of this Declaration, or the application of such provision, or any part thereof, to persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby. The remainder of this Declaration shall be valid, and enforced, to the fullest extent permitted by law.

17.5 Acceptance of Deed. By acceptance of a deed of conveyance of a Unit from Declarant, the grantee of such Unit and each successor in title to such Unit or an interest therein shall, in the event of the occurrence of any or all of the events specified in Articles 10 and 12, be deemed to consent and agree to the action so taken. Each such grantee of a Unit and each successor in title to such Unit or an interest therein, hereby constitutes and appoints Declarant, its successors and assigns, as its true and lawful attorney (i) to execute, deliver and record on behalf of the grantee and each successor in title to such Unit or an interest therein, such instruments, if any, as may be required to effect the same, and (ii) to do all other things necessary to accomplish the action so taken.

17.6 Remedies and Waivers. All remedies herein are cumulative. Whenever a waiver, consent or approval is required or permitted herein, it must be express and in writing; no waiver, consent or approval shall be implied. A waiver, consent or approval to any one matter shall not be deemed a waiver, consent or approval to any subsequent matter whether similar or not.

17.7 Assignment of Declarant's Rights. Subject to any prohibitions within the Act, all of the rights and benefits conferred on or reserved herein for Declarant in its status as such (as opposed to those rights or benefits conferred on or reserved for all Owners or groups thereof) may be assigned as follows: (a) to any person by an instrument in writing specifically identifying the rights and benefits so assigned which is recorded in the Register's Office, or (b) to any purchaser of the Declarant's rights in a foreclosure sale or deed in lieu of foreclosure, without any specific written assignment of Declarant's rights, or (c) to any person or entity to which Declarant's rights have been collaterally assigned upon the exercise of such person's or entity's rights under such collateral assignment, without any specific written assignment of Declarant's

rights. An assignment of Declarant's rights is effective from the date of recordation of the assignment under (a), the deed under (b), or notice by such collateral assignee of such exercise under (c). A mortgage or other security interest granted in Declarant's rights does not confer on the mortgagee or holder of the security interest the right to act as Declarant without some further act under (a) or (b) or (c). From and after each assignment, only the assignee may act as Declarant under this Declaration with respect to the rights assigned and all prior persons holding Declarant's rights shall no longer be entitled to exercise such rights. No successor Declarant shall be responsible or liable for the obligations of a Declarant arising before the date on which successor Declarant may act as above.

17.8 Covenants to Run with Land. Each grantee of the Declarant, by the acceptance of a deed of conveyance, or each purchaser under or contract for any deed of conveyance, accepts the same subject to all covenants, conditions, restrictions, reservations, liens and charges and to the jurisdiction, rights, benefits and privileges of every character hereby granted, created, reserved or declared, and all impositions and obligations hereby imposed, shall be deemed and taken to be covenants running with the land and shall be binding upon any person having at any time any interest or estate in said land and shall inure to the benefit of such Unit Owner in like manner as though the provisions of this Declaration were recited and stipulated at length in each and every deed of conveyance.

5.4 President. The President shall be the chief executive officer of the Association and shall preside at all meetings of the Association and of the Board. The President shall have all the general corporate powers and duties which are usually vested in the office of president of a non-profit corporation, including, but not limited to, the power to appoint committees from among the Members from time to time as appropriate to assist in the conduct of the affairs of the Association.

5.5 Vice President. The Vice President shall take the place of the President whenever the President is absent or unable to act. If neither the President nor the Vice President is able to act, the Board shall appoint a Director to serve in such capacity on an interim basis. The Vice President shall also perform such other duties as imposed by the Board from time to time.

5.6 Secretary. The Secretary shall keep the minutes of all meetings of the Board and the Association. The Secretary shall have the charge of such books and papers as the Board directs and in general, perform all duties incident to the office of Secretary. The Secretary shall count the votes cast at any annual or special meeting of the Association or the Board of Directors.

5.7 Treasurer. The Treasurer shall have responsibility for Association funds and securities and shall be responsible for keeping full and accurate accounts of all Association receipts and disbursements. The Treasurer shall be responsible for the deposit of all monies and other valuable effects in the name and to the credit of the Association, in such depositories as designated by the Board.

5.8 Compensation. No officer shall receive compensation for services rendered the Association unless authorized by a resolution of the Owners, but may be reimbursed for actual out of pocket expenditures.

ARTICLE 6. FISCAL MATTERS

6.1 Budget. The Board shall annually adopt a budget of Common Expenses and other items as provided in the Declaration. The Board shall determine what sums, if any, will be required for improvements, capital expenditures, reserves or replacement funds, or other operations not included in the above which shall be included in the budget.

6.2 Assessments.

(a) The estimate of Common Expenses shall be assessed against each Unit on an annual basis and paid in monthly installments as provided in Article 5 of the Declaration. Assessments shall be levied uniformly among the Units except (1) special assessments, fines, fees or charges, and (2) when the Declaration requires or permits that assessments be levied on fewer than all Units. If the annual assessment based on the budget proves inadequate, or if special circumstances arise, the Board at any time may levy a special assessment for any purpose for which a general assessment may be levied which special assessment shall be payable in such reasonable manner as the Board directs.

(b) Assessments and installments of assessments shall be paid on or before ten (10) days after the date when such assessments and installments are due.

Any assessment or installment not paid within ten (10) days of its due date shall be delinquent and the Owner shall be charged all costs of collection, including actual attorneys' fees, a 5% late fee and compound interest at the rate of one percent (1%) per month on the unpaid assessment or installment of such assessment. Interest shall accrue from the date when the assessment or installment was first due until paid. All payments upon account shall be first applied to outstanding costs of collection, if any, then interest, if any, and then to the assessment payment first due.

6.3 Unpaid Assessment Could Cause Loss of Vote or Lien on Unit. If an Owner fails to timely pay an assessment or installment thereof, such failure shall be deemed a default and the Board shall take appropriate measures as allowed by the Declaration or at law, including, but not limited to, the filing of a statement of lien in accordance with the Declaration, which statement shall be signed and verified by the Secretary of the Association or any other officer authorized by the Board. An Owner shall be prohibited from voting at a meeting of the Association if the Association has recorded a statement of lien on the Owner's Unit and the amount necessary to release the lien has not been paid at the time of the meeting.

6.4 Depositories. The funds of the Association shall be deposited in such bank(s) or other depositories designated by the Board and shall be withdrawn therefrom only upon check or order signed by the officers who shall from time to time be designated by the Board for the purpose. The Board may elect to require Owners to pay assessments imposed by the Board directly to a designated depository.

6.5 Fiscal Year. The fiscal year of the corporation shall begin on January 1 and end on December 31 of each year.

6.6 Remedies Non-Exclusive. The provisions of these By-Laws shall in no way limit or restrict any other remedies or rights as set forth in the Declaration or the Act and shall not be exclusive, but shall be in addition to all other remedies provided by the Declaration and other laws of the State of Wisconsin. In the event that the Association retains an attorney to collect any funds due, enforce any rule, bring any claim against any Owner(s) or defend any claim or allegation by a Unit Owner(s), including any counterclaims, the Association shall, if it is the prevailing party in the claim or defense, be entitled to collect from the Owner(s) involved in the claim or defense, all of its costs and expenses, including reasonable attorneys' fees.

ARTICLE 7. OBLIGATIONS OF VARIOUS PERSONS

7.1 Owner Responsibility. Each Owner, at the Owner's own cost, shall:

(a) perform routine maintenance, repair and replacement of all components or installations of the Unit;

(b) pay for the repair and replacement of any portion of the Common Elements damaged through the fault or negligence of such Owner or such Owner's family, guests, invitees or tenants or any other Occupants of the Owner's Unit;

(c) be responsible for the reasonable security and safety of such Unit and shall be liable for damages caused to any other Unit(s), or the Common Elements, to the extent not covered by insurance, as a result of a breach of such security;

(d) water the lawn areas adjacent to the Unit; and

(e) maintain, repair and replace the Limited Common Elements appurtenant to the Unit.

Failure to comply with any of these By-Laws or any other rules, regulations, covenants, conditions or restrictions imposed by the Act, the Declaration or the Board shall be grounds for action to recover sums due for damages or injunctive relief or both, maintainable by the Association or, in a proper case, by an aggrieved Member.

7.2 Association Responsibility. The Association shall maintain in good condition and repair, replace and operate all of the Common Elements, except as expressly provided at Section 7.1 of these Bylaws.

ARTICLE 8. AMENDMENTS

8.1 Amendments. These By-Laws may be amended at a duly constituted meeting for such purpose by the Owners of Units representing at least 75% of the total Interests. No amendment shall limit any right herein granted to or reserved by Declarant or its successors and assigns.

The Secretary of the Association shall maintain a record of the names and addresses of all mortgagees of which the Secretary is given notice.

9.2 Notice to Mortgagee. Any notice required or permitted to be given to any mortgagee pursuant to these By-Laws shall be deemed given if mailed or delivered to such mortgagee at the address shown in such record and shall be deemed effective as of the date of mailing or delivery.

ARTICLE 10. CONFLICTS

10.1 Conflicts. If any provision of these By-Laws conflicts with the Declaration, the Declaration will control, prevail and supersede.

I. FINANCIAL MANAGEMENT

A. *ASSESSMENT COLLECTION.* BMI is hereby authorized to request, demand, collect, receive and offer receipt for any and all assessments, rents, dues, fees and other sums which may at any time be or become due to the Association and to take such action in the name of the Association by legal process or otherwise as may be required for the collection of fees and other sums which may at any time be or become due. This includes the authority to take action in the name of the Association by way of legal process to collect the same upon approval by the Association's Board of Directors. Each month included with the financial report, BMI shall furnish the Association with an itemized list of all accounts which were delinquent as of the end of the then prior month. BMI shall not be liable for any rents, assessments, fees or other sums which it is unable to collect. BMI shall not provide collection services on behalf of the Association but shall use its best efforts and, upon request of the Association, will arrange for legal services to be taken on behalf of the Association.

B. *BANK ACCOUNTS.* BMI shall establish and maintain a separate bank account as agent of the Association for the deposit of the money of the Association with authority to draw thereon for any payments to be made by BMI to discharge liabilities or obligations as well as for the payment of the Fee due to BMI. All costs associated with maintaining such account shall be an operating expense charged to and paid by the Association. BMI shall have full authority over any account which it opens on behalf of the Association. Copies of all bank statements shall be available to the Association monthly.

C. *ACCOUNTING.* BMI shall maintain a record of income, expenses, assets and other liabilities of the Association utilizing the cash or accrual method of accounting. BMI may utilize its computerized payable system, which includes computer printed Association checks. The Association shall be responsible for providing initial financial records with audited or otherwise verified opening balances for both assessments and general ledger accounts.

D. *BUDGET PREPARATION.* BMI shall prepare and submit to the Association, 60 days prior to the beginning of the new fiscal year, a recommended operating budget for that fiscal year showing anticipated receipts and expenditures. Adoption of each budget by the Association shall occur at least 30 days prior to its effective date.

G. *DELINQUENCY PROCESSING.* Upon request by the Association, BMI shall work with the Board of Directors to develop a delinquency policy and procedure for the Association. BMI will administer the delinquency procedure by charging late fees, securing legal counsel to represent and work for the Association, at the Association's expense, and answering questions regarding accounts. BMI shall prepare delinquency rolls containing the delinquent owners' names, unit numbers and balances owing to Association on a monthly basis.

H. *INVOICE/DISBURSEMENT PROCEDURES.* BMI will receive, review, and approve invoices and other bills received by the Association; prepare checks for payments of approved Association expenses as permitted, and maintain vendor files with attached checks, copies and invoices.

I. *FINANCIAL STATEMENTS.* BMI will prepare and maintain the records necessary to produce monthly computerized financial statements and provide the Association with copies of the balance sheets, income statements, cash disbursements summaries and delinquency reports. Upon the calendar year-end closing, BMI will prepare for the Association a year-end cumulative report. Due to the nature and extent of the

financial reports being provided by BMI, the Association understands the reports may not be available until April 1st of the new year.

J. *TAX PREPARATION/AUDIT*. BMI will cooperate with the Association's independent certified public accountant in the annual audit and/or tax preparation by making all records, books and files available for inspection and review by the certified public accountant, review the resulting audit and make the certified public accountant's recommended adjustments to the Association's records.

K. *INVESTMENTS*. Although BMI will not offer any investment advice, it will assist the Association in obtaining the appropriate information necessary to develop an investment program utilizing savings account, money market funds or other investment products. BMI will gather the information for review by the Association, but cannot endorse any specific investment products. BMI will assist the Association in preparation of necessary documents required by banking and investment institutions and further implement the investment program selected by the Association for reserves and other funds, as cash flow demands allow.

II. ADMINISTRATIVE MANAGEMENT

A. *FILES AND RECORDS*. The Association is responsible for providing BMI with complete copies of all governing documents (including declarations, by-laws, rules and regulations together with all amendments or supplements thereto), current resolutions, current and accurate financial information, a current roll of members, owners or tenants, plus other pertinent information requested by BMI, as may be necessary to assist BMI in performing its obligations hereunder. BMI, at its option, may utilize its own organization system with the records it receives and maintains. Originals of all records will be maintained by BMI. BMI will develop and maintain a filing system of the Association's important papers, such as contracts, resident communications, public agency filings, financial information and other information which may be important in future decision making by the Association. BMI will make the Association's routine books and records available for inspection by any owner upon reasonable notice during regular business hours. The Association shall promptly respond to all inquiries, requests and actions requested by BMI. C. *INSURANCE CLAIM ADMINISTRATION*. BMI will assist the Association in the selection of an insurance broker and aid the Association and its broker in placing insurance as required by the governing documents of the Association, or as otherwise decided by the board of directors. BMI will provide administrative oversight of insurance claims.

D. *RULES ADMINISTRATION*. BMI will assist the Association in the development of reasonable and enforceable rules by coordinating with the Board of Directors, or a separate rule committee, and legal counsel. BMI will notify homeowners of any rule violations, as may be determined by the Board of Directors, and take such other actions as may be consistent with Association policy to assist the Association in the administration of its governing documents.

E. *POLICY DEVELOPMENT*. BMI will inform the Association concerning significant legislation, insurance, financial practices, court decisions, or other such changes in the laws pertaining to community associations which may come to the attention of BMI. BMI will work with the Board of Directors and offer advice and direction to the Association regarding their governing procedures and the responsibilities of the Board of Directors.

F. *LOT TRANSITION SERVICES*. BMI will provide basic information about the Association as requested by a member who wishes to sell or refinance his/her lot, a prospective buyer or their real estate agents. BMI will prepare resale disclosures certificates, refinancing forms and any other information as may be required or requested, on behalf of any lot owner which desires to sell or refinance a lot; the costs for processing such disclosures or forms are not included in the Fee but shall be the responsibility of the selling or refinancing party. BMI shall attempt to use the most current information available to it; however, the Association shall indemnify BMI for any claim, action or suit by a member of the Association alleging errors or omissions in a resale disclosure statement. BMI will not charge Bielinski Homes or any related entity ("Bielinski Homes") for the preparation of any documents by BMI in connection with the sale of a lot or property by Bielinski Homes.

G. *PROFESSIONAL SERVICES COORDINATION.* BMI will provide assistance to the Association in selection of consultants to accomplish specialized functions for the Association in the areas of engineering, law, public accounting and other needs of the Association and fully cooperate with those consultants as may be retained.

III. PROPERTY MANAGEMENT

A. *SERVICES REQUEST PROCESSING.* BMI will receive and record reasonable service requests for repairs or maintenance of the common elements, as may be consistent with established policy, and as agreed upon with the Board of Directors. This may include arranging for prompt and satisfactory response (within 48 hours) to service requests for maintenance or repairs as permitted by Association policy and budget limitations.

B. *CONTRACTOR BIDDING PROCEDURES.* BMI will assist the Association in undertaking a competitive bidding process for non-emergency services. This assistance may include finding contractors for the various projects, receiving bids and other contractor information and submission of the information to the Board of Directors.

C. *CONTRACT DEVELOPMENT.* BMI will assist the Association in selection of contractors for frequent or continuing services. This service may include obtaining bid information, insurance certificates, and contracts. Pursuant to the budget approved by the Board of Directors, BMI is authorized to enter into contracts in the name of the Association or in its name on behalf of the Association, and to place orders for such services, equipment, tools, appliances, materials and supplies as are necessary to maintain the buildings and property of the Association. BMI can also arrange for legal counsel to review the contracts presented to the Association in order to help the Association protect its interests; however, should the Association elect to omit legal review of its contracts, BMI shall not be responsible for the legal consequences of any agreement entered into on behalf of the Association.

D. *SERVICE CONTRACTORS.* BMI will assist the Association by meeting with or otherwise communicating the Association's directions to the providers of recurring services, such as landscape maintenance professionals, janitorial service providers, snowplowers, as well as any other contractors consistently providing services to the Association.

E. *MEETING ATTENDANCE.* BMI shall attend the number of regularly scheduled meetings set forth above under "Meetings." BMI will support the operation of the meetings by providing the necessary materials, personnel and helping the board of directors with any procedural questions which they may have.

F. *EXPENDITURE LIMITS.* BMI is authorized to make disbursements, expenditure commitments and enter into contracts related to its responsibilities to the Association up to the Expenditure Limit set forth above, without prior approval from the Association. The Association grants BMI this authority without limit in those situations requiring emergency repairs or services involving danger to life or property which may be immediately necessary for the preservation and safety of the property or its residents. In all such cases, BMI shall make a reasonable effort to minimize costs and to consult with a member of the board of directors in a timely fashion.

IV. COMPENSATION/TERMINATION

A. *COMPENSATION.* For the services specified in this Agreement, the Association shall pay to BMI the monthly fee identified above as "Fee". The Fee is due and payable by the end of each month during the Term of this Agreement. BMI is authorized to tender this payment, and any costs or charges it is due in excess of the Fee, to itself from the Association's bank account.

B. *TERM/TERMINATION.* Unless terminated pursuant to any provisions contained within this Agreement shall be effective for the Term set forth above. During the term either party hereto may terminate this contract with a 90 day written notice, with or without cause and without penalty. Upon termination, the parties shall account to each other with respect to all matters outstanding. BMI shall freely yield the Association's records as soon as possible after termination but no later than thirty days after the effective date of termination. Either party may terminate this Agreement without notice to the other in the event a petition in bankruptcy or corporate reorganization is filed by or against BMI or the Association. The provisions of this paragraph shall survive termination of this Agreement.

V. MISCELLANEOUS

A. *LIABILITY.* Except for damages or injuries caused by the negligence or willful misconduct of BMI, its agents, or its employees, the Association shall indemnify and hold BMI harmless for all damages, liabilities, claims, suits, costs and expenses sustained by BMI when carrying out the provisions of this Agreement, acting under the express direction of the Association or as a result of the actions or inaction of the Association, its contractors, members or its employees. BMI shall indemnify and hold the Association

harmless for all damages, liabilities, claims, suits, costs and expenses that arise due to the BMI's negligence or willful misconduct.

B. *INSURANCE*. BMI shall maintain liability and business insurance in force for the entire Term of this Agreement in the amount not to be less than $200,000.00.

C. *COMPLIANCE*. BMI may take such action as may be necessary to comply promptly with any and all orders or requirements affecting the buildings or land of the Association by any federal, state, county or municipal authority having jurisdiction thereover and any other legal orders. However, BMI shall not be responsible for the Association's compliance with any federal, state or local laws and the Association hereby acknowledges that it is solely responsible to maintain itself in strict legal compliance with all federal, state and local laws, rules, orders and regulations of any type. Should the Association fail to operate itself in strict compliance with all federal, state and local laws or illegally discriminate in any manner, BMI may terminate this Agreement, without notice, as may be required elsewhere in this Agreement.

D. *MODIFICATIONS/AMENDMENTS/HEADINGS*. Timing is of the essence in all matters herein. All hold harmless and indemnification provisions throughout this Agreement shall include costs, disbursements and attorneys' fees incurred by the party who is to be held harmless or indemnified. This Agreement is a final and complete statement of the terms, conditions and representations made by both parties. No modification or amendment shall be binding unless it is reduced to writing and executed by both parties. Should any provisions of this Agreement be found to be unenforceable, they alone shall be stricken and the remaining provisions shall remain as written. The headings in this Agreement are for convenience only and shall not be used in the interpretation of this Agreement. This Agreement shall be interpreted under the laws of the State of Wisconsin and any litigation between the parties hereto shall be venued in Waukesha County, Wisconsin.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the date first written above.

Exhibit C
Minimum Storm Water Practice Maintenance Requirements

This exhibit explains the basic function of each of the storm water practices listed in Exhibit B and prescribes the minimum maintenance requirements to remain compliant with this Agreement. The maintenance activities listed below are aimed to ensure these practices continue serving their intended functions in perpetuity. The list of activities is not all inclusive, but rather indicates the minimum type of maintenance that can be expected for this particular site. Access to the stormwater practices for maintenance vehicles is shown in Exhibit B. Any failure of a storm water practice that is caused by a lack of maintenance will subject the Owner(s) to enforcement of the provisions listed on page 1 of this Agreement by the City of Waukesha.

"As-built" construction drawings of the basin, showing actual dimensions, elevations, outlet structures, etc. will be recorded as an addendum(s) to this agreement within 60 days after the City of Waukesha accepts verification of construction from the project engineer.

INFILTRATION/BIO-RETENTION BASIN OPERATIONS AND MAINTENANCE

To ensure the proper function of the storm water infiltration basins, the following list of maintenance activities are recommended:

1. A minimum of 70% soil cover made up of native grasses should be maintained on the bottom of the infiltration basin area to promote the desired infiltration rates. Periodic mowing is recommended to enhance establishment of the prairie grasses (which may take 2-3 years) and maintain the minimum native cover. To reduce competition from cool season grasses (bluegrass, fescues, quack, etc.) and other weeds:
    - For the first year, cut to a 6" height three times – once each in June, July and early August. To prevent damage to the native grasses, do not mow below a 6" height. Remove excessive accumulation of clippings to avoid smothering next year's seedlings.
    - After the first year, mowing may only be needed in early June each year to help control the spread of cool season plants. The mowing should also be raised to 10-12" to avoid damage to the warm season plants.
    - Any major bare areas or areas taken over by non-native species must be reseeded. To clear area of weeds and cool season grasses, treat with an herbicide that contains glysophosphate in accordance with manufacturer's instructions. Ensure a firm seedbed is prepared to a depth of 3 inches (a roller is recommended). Seeding should occur in early-mid June. Seed with Big Bluestem, Indian Grass, Little Blue Stem or Switchgrass (preferably an equal mix of all four types). A companion crop of oats is recommended. Seed must be placed at a depth of 1/4 – 1/2" and a minimum rate of 1/4 pound per 100 square feet. If broadcast seeding by hand, drag leaf rake over soil surface after seeding. Then roll it again and cover with a light layer of mulch and staked erosion control netting to hold it in place until germination. For other planting details, see NRCS standard 342 (Critical Area Planting).
2. The basin and all components (grass swales, inlets, outlets, etc.) should be inspected after each heavy rain, but at a minimum of once per year. If the basin is not draining properly (within 72 hours), further inspection may be required by persons with expertise in storm water management and/or soils.
    - If soil testing shows that the soil surface has become crusted, sealed or compacted, some tillage of the soil layer at the bottom of the basin should be performed – note the location of the perforated underdrain before tilling to avoid damage to the underdrain. Types of tillage equipment that can be used include a subsoiler or straight, narrow-shanked chisel plow.
    - If sedimentation is determined to be causing the failure, the accumulated sediment must be removed and the area reseeded in accordance with the notes above.
    - If inspection of the basin shows that groundwater is regularly near the surface, additional design features may need to be considered, such as additional subsurface drainage or conversion to a wetland treatment system.

3. All outlet pipes, soil layers and other flow control devices must be kept free of debris. Any blockage must be removed immediately.
4. Any eroding areas must be repaired immediately to prevent premature sediment build-up in the system. Erosion matting is recommended for repairing grassed areas.
5. Heavy equipment and vehicles must be kept off of the bottom and side slopes of the engineered soil area to prevent soil compaction. Soil compaction will reduce infiltration rates and may cause failure of the basin, resulting in ponding and possible growth of wetland plants.
6. No trees are to be planted or allowed to grow in the bottom of the basin, as trees may shade out the native grasses. The basin must be inspected annually and any woody vegetation removed.
7. Grass swales leading to the basin shall be preserved to allow free flowing of surface runoff in accordance with approved grading plans.
8. No grading or filling of the basin or berms other than for sediment removal is allowed.
9. Any other repair or maintenance needed to ensure the continued function of the infiltration basin as ordered by the Village of Hartland under the provisions listed in this Agreement.

RAIN GARDEN
OPERATIONS AND MAINTENANCE

I. ROUTINE MAINTENANCE

A. Inspection

1. Performance of the rain garden should be inspected monthly and after every major storm event, following the initial construction to evaluate if the basin is draining within the design time limits.

   a. Water plants should be watered as necessary the first year to establish plants.

2. If performance does not meet the design goals, complete repairs to the facility to meet the design requirements.

3. Following the initial growing season of monthly inspections, quarterly inspections of the facility should be made. Inspect the facility for:

   a. Differential settlement

   b. Cracking

   c. Erosion

   d. Leakage

   e. Tree and woody plant growth on the embankments and plant health

   f. Condition of the inlets and outlets

   g. Sediment accumulation

   h. Vigor and density of vegetation on the floor of the basin and buffer strips

   i. pH testing of the soil (if plants growth issues exist)

j. Observation wells and/or under drains

B. Mowing – Native Vegetation

1. During establishment of vegetation, the first mowing shall occur once it reaches a height of 10 to 12 inches.

2. Control woody plant invasion by mowing once a year. The vegetation height shall be 5 to 6 inches after mowing.

3. Mow once per year in the fall after November 1st.

4. Remove trash and debris at the time of mowing.

C. Erosion Control

1. Inspect seasonally for erosion. Inspection after major storm events for erosion problems is also recommended if practical.

2. Repair all eroded areas immediately. Temporary erosion controls may be necessary to facilitate repairs.

D. Tilling

1. If the basin is located on marginally permeable soils, annual or semi- annual tilling may be needed to maintain infiltration capacity. NOTE THE LOCATION OF DRAIN TILE and avoid disturbing during tilling.

2. Tilled areas should be immediately re-vegetated to prevent erosion.

II. NON-ROUTINE MAINTENANCE

A. Structural Maintenance

1. Inspect pipe systems quarterly.

2. Remove and replace pipe systems that have eroded or rusted.

3. Earthen structures should be inspected annually. Erosion should be repaired immediately upon discovery.

B. Restoration of Infiltration Capacity

1. Over time the original infiltration capacity of the basin will be diminished.

2. Deep tilling can be done to restore the infiltration capacity of the basin. The basin will be drained and the soils dried to a depth of 8 inches. NOTE THE LOCATION OF DRAIN TILE BEFORE TILLING.

3. The top 2 to 3 inches of topsoil, chisel plowing, and adding topsoil and compost can be done.

4. The basin must be restored with native plantings.

C. Watering

1. Water plants need to be watered as necessary during the first growing season.

2. After the first growing season, water as necessary during dry periods.

STORM SEWER SYSTEM OPERATIONS AND MAINTENANCE

I. INSPECTION

A. Frequency

a. Inspect catch basins, inlets and manholes at least once per year.

b. Inspect storm sewer end sections at least twice per year and after major rainfall events.

B. Inspection

a. Catch Basins, Inlets and Manholes

i. Inspect for sediment deposition in the bottom of structures.

ii. Check frames and lids for cracks and wear such as rocking lids or lids moved by traffic and for shifted frames.

iii. Check chimneys for cracked mortar, cracked lift rings and spalling.

iv. Check for leaks at joints.

v. Check surrounding areas for pollutants such as leaks from dumpsters, minor spills and oil dumping.

b. Storm Sewer End sections

i. Observe for obstructions, accumulation of sediment and trash, undermining and joint separation.

ii. Inspect end treatment for settlement, scour and displaced armoring.

II. STANDARD MAINTENANCE

A. Catch Basins, Inlets and Manholes

a. Repair any deterioration threatening structural integrity immediately.

b. Replace worn or cracked frames and lids. Frames that have shifted should be re-centered and re-set on the structure.

c. Repair any spalled or cracked mortar. Cracked rings should be repaired or replaced.

d. Repair leaking joints.

e. Clean manhole and storm inlet inverts of deposited material. Catch basins should be cleaned before the sump is 40 percent full.

f. Remove potential sources of contamination away from catch basins, inlets and manholes.

B. Storm Sewer End sections

a. End sections should be free flowing; trash, debris and obstructions should be removed to prevent backups.

b. End sections which have separated from the storm sewer pipe shall be reset on firm bedding and reconnected to the existing storm sewer pipe. Restrain joints if necessary.

c. Scour areas shall be repaired immediately. Replace missing soil with clean fill and replace/install end treatment. Missing armoring will require additional stone, typically one class larger.

d. Excessive material deposited at the storm sewer outfall is indicative of: a disturbed area upstream draining to the system or a potential failure of a system component. Disturbed areas draining to the system should be stabilized immediately or diverted to drain to a BMP. Potential system failures require non-standard maintenance.

III. NON-STANDARD MAINTENANCE

A. Non-standard maintenance includes inspection, repair or replacement of buried structures.

a. Televising of buried structures (pipes) should occur when excessive material is found within the system or at an outfall with no apparent source area visible at the surface, or the system experiences frequent backups.

b. Follow the recommendations for the repair and/or replacement of system components televised by a firm specializing in this work.

CULVERTS
OPERATION AND MAINTENANCE

I. INSPECTION

A. Culverts should be inspected twice a year and after heavy rainfall.

B. Inspect for sediment deposition, scour at the ends of pipe, accumulations of trash and obstructions.

II. MAINTENANCE

A. Scour areas should be repaired with clean fill and replacement of end treatment (rip rap, TRM, etc.). Scour areas with no end treatment should be stabilized with topsoil, seed and erosion control mat at a minimum.

B. Sediment deposits, trash and obstructions should be removed from the pipe ends.

C. Material deposited within the pipe should be promptly removed to maintain the conveyance capacity of the pipe.

Stillwater Villas Condominium Unit Owners

Re: 2020 Budget

Dear Stillwater Owners,

The 2020 Budget has been approved and a copy of the approved budget is enclosed. **The Stillwater Villas COA dues will increase to $280 per month beginning on January 1, 2020.** The increase in dues is a result of obtaining more accurate bids for snow removal and property insurance as well as increasing the budgeted reserve amount.

In the event your dues are paid via Appfolio, you will need to go online and update the payment information. If you send your payment by check every month, please ensure that your condominium unit address is on your check; either in the normal address area or please write it on the memo line. **The check should be made payable to Stillwater Villas COA and mailed to the COA's address at 1830 Meadow Lane, Suite A, Pewaukee, Wisconsin 53072.**

The Association cares for the exterior of your buildings and the surrounding common land which includes plants, trees, driveways, siding, roofing, etc. Please note that the interior of the buildings, including all doors, windows and screens, and all utilities exclusively serving your unit are the owner's responsibility. The watering of the lawn around your building during the warmer months is your responsibility too.

If you would like to change anything on the exterior of your building and surrounding land (i.e. satellite dish installation) please complete an ACC Request via the request portal at www.stillwatervillaswaukesha.com.

An annual walk-through of the neighborhood will take place in the Spring of 2020. A form will be sent to you for your report on any needed repairs or replacements. Please take note the amount budgeted for exterior repairs and landscaping replacements.

If you have any questions, comments or concerns, please contact me to discuss.

Sincerely,

Meg Galaska
