by John Koma) Condominium Service, LLC (state name and title or position).

*Note: A "Statutory Reserve Account" is a specific type of reserve account established under Wis. Stat. § 703.163 to be used for the repair and replacement of the common elements in a residential condominium (optional for a small condominium with less than 13 units or a mixed-use condominium with residential and non-residential units). In a new condominium, the developer initially decides whether to have a statutory reserve account, but after the declarant control period ends, the association may opt-in or opt-out of a statutory reserve account with the written consent of a majority of the unit votes. Existing condominiums must establish a statutory reserve account by May 1, 2006 unless the association elects to not establish the account by the written consent of a majority of the unit votes. Condominiums may also have other reserve fund accounts used for the repair and replacement of the common elements that operate apart from §703.165.
