Why we Love our Home

-Per Seller-

We love our home for many reasons; however, the unique combination of the historic ambiance coupled with the natural beauty of the estate makes 3322 N. Lake Dr. truly a “one-of-a-kind” property in the area!

Wildlife flourishes on the entire property, due primarily to the safe environment provided by the Lake Michigan shoreline and the park-like setting surrounding the estate.

The “Coach House” and its legends, including a functioning sundial above the front entrance, have been our home for 17 years. We will miss calling the “Grande Dame of Lake Dr.” our home!
