UNIT 6 - HISTORICAL ENERGY COST SUMMARY
Prepared October 26, 2026 for owner review; not sent externally.

Property: 1175 Double Tree Lane, Unit 6, Grafton, Wisconsin.
Provider: We Energies.

The latest twelve consecutive monthly bills are dated November 7, 2025 through October 13, 2026. They cover continuous service October 10, 2025 through October 11, 2026 (367 billing days).

Electricity: 1,767 kWh; $534.40 total; $44.53 average per monthly bill.
Natural gas: 437.5 therms; $577.64 total; $48.14 average per monthly bill.
Combined: $1,112.04 total; $92.67 average per monthly bill.
Monthly combined bills ranged from $64.11 to $160.18.

These are actual historical billed charges including the provider's customer/service charges, adjustments and taxes. All meter readings in the export are marked Actual. Gas service charges can apply even when no gas is used. This is a trailing twelve-bill period, not calendar-year 2026 or an exact 365-day annual estimate. Future costs depend on use, weather and rates; the figures are not a guarantee.

Source: the owner's service-address-specific official We Energies bill-history export and twelve original two-page monthly bills, retrieved October 26, 2026 through the existing signed-in account. Service address and bill dates/amounts were checked and totals recomputed. Original account-bearing bills remain in private owner records. Account numbers, meter identifiers and home mailing details are omitted from this summary. This summary is not an official utility bill or proof of individual bank settlement.
