Jackson Park Neighborhood Highlights + Current Project Enhancements

- Farmers Market throughout Summer
- 4th of July fireworks
- Shakespeare in the Park
- Oak Leaf Trail
- Movie Nights in the Park
- Recently added Sport Courts, Pickleball, Futsal, and Tennis Courts
- Recently added Soccer Fields
- Basketball Court
- Walking Trails around the Lagoon

Kinnikinic River Restoration and Jackson Park Reconstruction:

- Improving recreational area, restoring habitat, and enhancing park
- Adding Traffic Calming Measures such as crossing lights, bike lanes, pedestrian bump-outs, etc.
- New playground
- Expanding green space
- Improving the flood management river system to better handle flood waters by creating flood storage basin north of park. Designed to reduce risk of flooding.
- Adding an Open Air Pavilion
- Utility Infrastructure Upgrades including replacing underground power lines
- Estimated completion date: Spring and Fall of 2027

"Jackson Park Neighborhood is a community of quiet streets and well-kept homes wrapped around the largest park on the city's south side. The setting is peaceful. Its character is an appealing blend of old and new. Placed between the old South Side and the southwest suburbs, it shares the atmospheres of both. And its homes, bridging a gap between pre-and post-World War II development, make Jackson Park one of the most diverse architectural districts in Milwaukee."
