These restrictions shall run with the land and shall be binding upon all parties and persons having any interest in the land affected hereby for an initial period of forty (40) years from the date this Declaration of Restrictions is recorded, and thereafter shall continue for the full duration of the statutory limitation period for actions to enforce easements or covenants restricting the use of real estate (currently codified at Section 893.33 (6), Stats, but including any future amendments, modifications or re-numbering of that section).

33. SEVERABILITY

Invalidity of any provision of this Declaration, regardless of how determined, shall in no way affect any of the other provisions, which shall remain in full force and effect.

34. OWNER'S ASSOCIATION

An Owner's Association shall be created by the Developer for the purpose of managing the affairs of the subdivision, and for the purpose of managing, controlling and maintaining

common areas, common improvements and common easements. Said Association shall be established as follows:

A. The Association shall be established as either a non-profit corporation or a non-profit association. Each lot owner shall be a member of the Association, and each lot shall be entitled to one (1) vote at meetings of the Association. Membership shall pass with title to each lot.

B. The Association shall be governed by a Board of Directors, consisting of not less than three (3) directors, who shall act by majority vote of these directors on all matters related to common area maintenance, collections, annual dues, billing, etc. The Board of Directors may take a full subdivision vote on any item they feel is needed at their discretion. So long as any lot in the subdivision is owned by Developer, Developer shall be entitled to appoint a sufficient number of the directors such that the directors appointed by Developer constitute a majority.

C. Each lot in the subdivision shall be subject to assessment by the Association for an equal share of the Association's existing or anticipated expenses, which assessments shall constitute a lien on the lot, and, except as set forth below with respect to Waukesha County and/or the City of Pewaukee, the personal obligation of the lot owners, until paid. In the event Waukesha County and/or the City of Pewaukee become the owners of any lot through the tax delinquency process, the foregoing provision shall not be deemed to supersede any law limiting or eliminating the liability of the County or the City with respect to fees or assessments imposed by this Declaration. Further, in the event Waukesha County and/or the City of Pewaukee become the owners of any lot through the tax delinquency process, neither the County nor the City shall have any personal obligation for the payment of Association assessments.

D. "Special Assessments" may be made and levied by the Association against a particular Lot owner and his, her or their lot (without levying against other lots) for:

costs and expenses (anticipated or incurred) for repair of damage to common areas caused by or at the direction of the Lot owner or the family or guests of the Lot owner;

costs, expenses and actual attorneys fees incurred in, or in anticipation of, any suit, action or proceeding to enforce this Declaration against the Lot owner; interest due on general or special assessments;

all other costs and expenses anticipated or incurred by the Association which are subject to special assessments as provided under this Declaration; and costs, expenses and actual attorney's fees incurred in or in anticipation of, any suit, action or proceeding brought against the Owner's Association.

E. "General Assessments" may be made and levied by the Association equally against each Lot owner and his, her or their lot for the following "common expenses" which may be anticipated, incurred or paid by the Association for:

maintenance, repairs, upkeep or operation of common areas and any additional common areas that may be acquired by the Association;

any insurance maintained by the Association;

taxes, assessments and charges of any kind made or levied by any governmental authority against the Association or upon any property of the Association;

all costs and expenses for the operation and administration of the Association, including legal, accounting, management fees, bonding, insurance and other costs incident to the exercise of any of its powers or obligations;

costs and expenses for additional improvements to common areas beyond those installed by Developer and approved by the Association;

all items subject to special assessment which have not been collected from a Lot owner at the time such payments are due; provided that upon collection of the special assessment from that Lot owner, all other Lot owners shall receive an appropriate adjustment, reimbursement or credit on future general assessments, as the Committee may determine, for payments made under this paragraph;

all damages, costs, expenses and attorneys fees incurred in, or in anticipation of, any suit or proceedings (whether administrative, legislative, judicial) which are not otherwise collected by special assessment;

costs and expenses of service, if any, made available to all lots and/or for any common area;

all other costs and expenses declared to be common expenses under this Declaration.

The general assessments for all common expenses shall be levied equally against each lot.

Each Lot owner shall promptly pay, when due, all general and special assessments levied by the Association against such owner and his, her or their lot, together with all costs, expenses and reasonable attorney fees incurred by the Association in collection of any delinquent assessment(s). All assessments shall become due as the Association may determine appropriate (in a lump sum or in installments with or without interest.) Time is of the essence with respect to all payments.

All co-owners of a lot shall be jointly and severally liable for all general and special assessments levied against the lot, regardless of the type of tenancy, estate or interest in the lot (whether as joint tenants, tenants-in-common, land contract purchaser(s) or seller(s), or otherwise.)

All general and special assessments which are not paid when due: shall bear a $25 per month penalty plus interest at eighteen percent (18%) per annum until the assessment is paid in full; shall constitute a lien on the lot; and shall be

collectible and enforceable by the Association by suit against the lot owner, by foreclosure or the lien, and/or in any other manner or method provided under this Declaration or laws of the State of Wisconsin.

The lien granted hereunder shall also cover and include all interest accruing on the delinquent assessments, plus costs, expenses and attorney's fees for collection.

The Association shall have the exclusive right and power to collect or enforce collection of all general and special assessments levied by the Association. They shall further have the exclusive right to bring any and all actions and proceedings for the collection thereof and/or the enforcement of liens arising therefrom. The Association may bring an action at law against any Lot owner personally to collect such assessments and/or to foreclosure the lien for such assessments against the lot (in the same manner and method as an action to foreclose a real estate mortgage.) The Association shall have the right at any time to notify all lot owners within the subdivision of the delinquency of any Lot owners.

F. The Articles and By-Laws of the Association shall contain such additional provisions, as Developer may deem appropriate at the time of establishment of the Association.

G. In the event any further division of any lot (whether by Subdivision Plat, Certified Survey Map, and/or other legal land division) creates additional residential lots within the subdivision, each lot so created shall have equal membership and voting rights in the Association, and be subject to assessment for an equal share of the Association's existing and anticipated expenses, with all other lots in the Subdivision.

35. OUTLOTS

The Swan View Farms Subdivision Plat Contains common areas designated as outlots 1, 2, 3, 6, 7, & 8. Each lot in Swan View Farms shall be deemed to include an equal undivided ownership interest in the outlots above and each conveyance of a lot in Swan View Farms shall be deemed to include the conveyance of such undivided interest, whether or not specifically set forth in the instrument of conveyance. Ownership of outlets #4 & #5 will be retained by the developer to allow for the expansion of additional single family lots if and when they are no longer designated as wetlands. Up until and if this happens, the Association will maintain the outlets as part of their responsibility and pay any property taxes and at their cost. As set forth on the Plat for Swan View Farms, the Developer has granted easements to the public for the use of the paths within the outlots. Developer further expressly retains the right to grant additional easements for the use of said outlots. The Developer may add additional lands and outlots to the Association at a later date.

36. MAINTENANCE OF DRAINAGE EASEMENTS, PONDS, COMMON AREAS, SUBDIVISION SIGNAGE AND MONUMENTS AND STREET LIGHTS

The Owner's Association has the responsibility to properly landscape and maintain all common areas, street islands, trails and subdivision entrance signage within the subdivision, all portions of any entrance signs, entrance monuments, fencing and the landscaping associated with same which are located in whole or in part within any City of Pewaukee right-of-way, and all non-standard

street signs and streetlights. Said maintenance includes repair or replacement resulting from damage caused by any reason including snowplowing operations. Further, the Association without regard to reason, shall indemnify and hold the City harmless for any claim of liability or damage, regarding the signs, monuments, fencing or associated landscaping located within City right-of-ways. Subject to the provisions of Paragraph 37, the Owner's Association further has the responsibility of properly maintaining all drainage easement areas located within the individual lots which are subject to this Declaration of Restrictions and the ponds and all drainage easement areas within common areas. Maintenance of the ponds shall include, but not necessarily be limited to, preservation of the embankments; prevention of erosion above the ponds, around the ponds and downstream therefrom; and dredging if and when necessary. In the event the Owner's Association does not properly landscape, repair and/or maintain common areas, street islands, ponds and subdivision entrance signage within the subdivision and/or drainage easement areas on individual lots and/or within common areas, and/or entrance signs, entrance monuments, fencing and the landscaping associated with same which are located in whole or in part within any City of Pewaukee right-of-way, and/or non standard street signs and streetlights, the City of Pewaukee may send written notice to the Association setting forth which of said items the City of Pewaukee has determined are not properly landscaped, repaired and/or maintained, and stating that the City of Pewaukee may perform such landscaping repair and/or maintenance if not properly done by the Association. The above-referenced notice shall give the Association a minimum of fifteen (15) days to correct the problem, unless the City determines, in its discretion, that a shorter notice period is appropriate due to a hazardous condition requiring more immediate action. If at any time, the City of Pewaukee should determine, for any reason whatsoever, that the entrance signs, entrance monuments, fencing and/or associated landscaping within a right-of-way should be removed, the City of Pewaukee may send written notice to the Association setting forth which of said items the City of Pewaukee has determined must be removed, and stating that the City of Pewaukee may perform such removal if not properly done by the Association. The above-referenced removal notice shall give the Association a minimum of sixty (60) days to perform such removal. If such landscaping, repair, maintenance and/or removal is not performed within the time granted by either of the above-referenced notices, and/or if the City determines, in its discretion, that immediate action, without notice, is required due to an imminent threat of damage to persons or property, the City of Pewaukee shall then have the authority, but not the obligation, to undertake such landscaping, repair, maintenance and/or removal and shall have the right to charge the lot owners on a pro rata basis for any costs incurred by the City as a result of said landscaping, repair, maintenance and/or removal. Said costs shall be assessed as special charges pursuant to section 66.0627, Wis. Stats. If such charges are not paid by any lot owner within the period fixed by the City of Pewaukee, such charges shall become a lien upon the tax rolls as a delinquent tax against the lot owner's lot as provided in Section 66.0627, Wis. Stats.

37. DAY-TO-DAY MAINTENANCE OF DRAINAGE EASEMENT AREAS

The day-to-day maintenance of any drainage easement area located on an individual lot shall be the responsibility of the owners of such lot. Day to day maintenance includes such items as cutting grass, raking leaves, removing fallen trees and branches, and removing other minor obstructions. This paragraph shall not limit the City's authority of enforcement against the Association, as described in Section 36, above.
