Pickleball Court Rules

1. The pickleball court is for Pickleball only. No bikes, roller-skates/blades, skateboards, pets, etc. are allowed on the court. The reason for this is we do not want to scratch the paint or have tire marks on the court as the special paint scratches easily and it is expensive to fix.
2. Only soft soled shoes should be worn on the court such as tennis shoes, soft soled sandals, etc.
3. The Pickle ball court is video monitored and any violations will be subject to fines and/or loss of privileges to use the amenities.
4. Any damage to the court caused by negligence by an owner or owners' kids or guests will result in said owner being solely responsible for the cost of repair.
5. We shall have a white board sign-up sheet at the clubhouse entrance if you want to reserve a time on the court. You can sign up for up to two hours, no more than 24 hours in advance.
6. We'll fine tune the rules and scheduling process as time goes on and we will be sending this out via email to everyone. The court should be open the middle of next week and we'll make sure to let you know when the net is up, court is cleaned, and everything is ready to go!
