## LIMITED COMMON ELEMENTS

Unit 1: The Limited Common Element associated with Unit 1 consists of that area of the Condominium which is enclosed on the west by a line which is parallel to ancJ 25 feet westerly of the westerly wall of the building on Unit 1(as existing on the effective date of this Amended Declaration) extended southerly to intersect with the roadway which forms the southerly boundary and northerly boundary, and on the east by a line which intersects with the northerly and southerly boundaries and is parallel to the easterly wall of the building on Unit 1 (as existing on the effective date of this Amended Declaration) and bisects the distance between the most easterly comer of the building on Unit 1 (as existing on the effective date of this Amended Declaration) and the most westerly comer of the building on Unit 2 (as existing on the effective date of this Amended Declaration), excluding Unit 1 itself. The limited common elements for Unit 1 shall be subject to the easement for pond maintenance shown on the Plat.

Unit 2: The Limited Common Element associated with Unit 2 consists of that area of the Condominium which is enclosed on the west by the easterly line of the limited common elements for Unit 1 extended southerly to intersect with the roadway which forms the southerly boundary and northerly to intersect with the lake shore which forms the northerly boundary, and on the east by the westerly line of the limited common elements for Unit 5, as set forth in the next paragraph, excluding Unit 2 itself. The limited common elements for Unit 2 shall be subject to the easement for pond maintenance shown on the attached Plat.

Unit 5: The Limited Common Element associated with Unit 5 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wall of the building on Unit 5 (as existing on the effective date of this Amended Declaration) extended southerly to intersect with the roadway which forms the southerly boundary and northerly to intersect with the lake shore which forms the northerly boundary, and on the west by a line which intersects with the northerly and southerly boundaries and is 25 feet westerly of and parallel to the westerly waJl of the building on Unit 5 (as existing on the effective date of this Amended Declaration), excluding Unit 5 itself.

Unit 6: The Limited Common Element associated with Unit 6 consists of that area of the Condominium which is enclosed on the east by a line which is_ the easterly wall of the building on Unit 6 (as existing on the effective date of this Amended Declaration) extended southerly to intersect with the roadway which forms the southerly boundary and northerly to intersect with the lake shore which forms the northerly boundary, and on the west by a line which intersects with the northerly and southerly boundaries and is the easterly wall of the building on Unit 5 (as existing on the effective date of this Amended Declaration), excluding Unit 6 itself.

Unit 7: The Limited Common Element associated with Unit 7 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wait of the building on Unit 7 (as existing on the effective date of this Amended Declaration)

extended southerly to intersect with the driveway apron on Unit 8 (as existing on the effective date of this Amended Declaration) and southerly along the westerly line of that driveway apron to intersect with the roadway which forms the southerly boundary and northerly to intersect with the lake shore which forms the northerly boundary, and on the west by a line which intersects with the northerly and southerly boundaries and is the easterly wall of the building on Unit 6 (as existing on the effective date of this Amended Declaration), excluding Unit 7 itself.

Unit 8: The Limited Common Element associated with Unit 8 consists of that area of the Condominium which is enclosed on the west by the easterly line of the limited common elements for Unit 7, as described in the immediately preceding paragraph, extended southerly to intersect with the roadway which forms the southerly boundary and northerly to intersect with the lake shore which forms the northerly boundary, and on the east by a line which is the easterly wall of the building on Unit 8 (as existing on the effective date of this Amended Declaration) extended northerly to intersect with the northerly boundary and southerly following along the easterly wall of the building and southerly wall of the garage and southerly and easterly lines of the driveway on Unit 8 (all as existing on the effective date of this Amended Declaration) to intersect with the roadway which forms the southerly boundary, excluding Unit 8 itself.

Unit 9: The Limited Common Element associated with Unit 9 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wall of the building on Unit 9 (as existing on the effective date of this Amended Declaration) extended northerly to intersect with the roadway which forms the northerly boundary and southerly to intersect with the lake shore which forms the southerly boundary, and on the west by a line which intersects with the northerly and southerly boundaries and is 25 feet westerly of and parallel to the westerly wall of the building on Unit 9 (as existing on the effective date of this Amended Declaration), excluding Unit 9 itself.

Unit 11: The Limited Common Element associated with Unit 11 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wall of the building on Unit 11 (as existing on the effective date of this Amended Declaration) extended northerly to intersect with the roadway which forms the northerly boundary and southerly to intersect with the lake shore which forms the southerly boundary, and on the west by a line which is the easterly wall of the building on Unit 9 (as existing on the effective date of this Amended Declaration) extended to intersect with the northerly and southerly boundaries, excluding Unit 11 itself.

Unit 12: The Limited Common Element associated with Unit 12 consists of that area of the Condominium which is enclosed on the west by a line which is parallel to and 25 feet west of the westerly wall of the building on Unit 12 (as existing on the effective date of this Amended Declaration) extended southerly to intersect with the roadway which forms the southerly boundary and northerly to intersect with a line which forms the northerly boundary, which northerly boundary is parallel to the northerly wall of the building on Unit 12 (as existing on the effective date of this Amended Declaration) and is 25 feet northerly of the northernmost corner of the building on Unit 12 (as existing on the effective date of this Amended Declaration), and on the east by a line which intersects with the northerly and southerly boundaries and is parallel to the easterly wall

of the building on Unit 12 (as existing on the effective date of this Amended Declaration) and bisects the distance between the most easterly corner of the building on Unit 12 (as existing on the effective date of this Amended Declaration) and the most westerly corner of the building on Unit 16 (as existing on the effective date of this Amended Declaration), excluding Unit 12 itself.

Unit 13: The Limited Common Element associated with Unit 13 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wall of the building on Unit 13 (as existing on the effective date of this Amended Declaration) extended northerly to intersect with the roadway which forms the northerly boundary and southerly to intersect with the lake shore which forms the southerly boundary, and on the west by a line which is the easterly wall of the building on Unit 11 (as existing on the effective date of this Amended Declaration) extended to intersect with the northerly and southerly boundaries, excluding Unit 13 itself.

Unit 15: The Limited Common Element associated with Unit 15 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wall of the building on Unit 15 (as existing on the effective date of this Amended Declaration) extended northerly to intersect with the roadway which forms the northerly boundary and southerly to intersect with the lake shore which forms the southerly boundary, and on the west by a line which is the easterly wall of the building on Unit 13 (as existing on the effective date of this Amended Declaration) extended to intersect with the northerly and southerly boundaries, excluding Unit 15 itself.

Unit 16: The Limited Common Element associated with Unit 16 consists of that area of the Condominium which is enclosed on the west by the easterly line of the limited common elements for Unit 12 extended southerly to intersect with the roadway which forms the southerly boundary and northerly to intersect with a line which forms the northerly boundary, which northerly boundary is parallel to the northerly wall of the building on Unit 16 (as existing on the effective date of this Amended Declaration) and is 25 feet northerly of the northernmost corner of the building on Unit 16, and on the east by a line which intersects the northerly and southerly boundaries and is 25 feet easterly of an parallel to the easterly wall of the building on Unit 16 (as existing on the effective date of this Amended Declaration), excluding Unit 16 itself.

Unit 17: The Limited Common Element associated with Unit 17 consists of that area of the Condominium which is enclosed on the east by a line which is the easterly wall of the building on Unit 17 (as existing on the effective date of this Amended Declaration) extended northerly to intersect with the roadway which forms the northerly boundary and southerly to intersect with the lake shore which forms the southerly boundary, and on the west by a line which is the easterly wall of the building on Unit 15 (as existing on the effective date of this Amended Declaration) extended to intersect with the northerly and southerly boundaries, excluding Unit 17 itself.
