

To Whom It May Concern:

I thoroughly enjoyed owning this home; my only regret is that I was not able to finish the upgrades that I had planned.

I really liked the location of the home. Shopping and a host of conveniences are nearby, and the streets are quiet and maintained well.

I would have to say my favorite part of the home is the sunroom. I spent many hours watching deer stroll to and from the wooded area behind the house. The great thing is that the property behind the house will not be developed, so there is quite a bit of privacy.

I recently planted a ginkgo and a sweet cherry tree in the backyard. I will miss not being able to watch them mature.

If it were not for my mother needing my help in Minnesota, I would definitely have remained in the house. Lots of great memories, and I am sure the new owner(s) will make many of them, too.

All the best,

Daniel Christensen
