Any Additional Information:

When we first purchased the property in 2014, the north side of the basement leaked. We had French tile drains and a sump-pump installed. The basement has remained dry until 9/26 when 2 irrigation lines were leaking causing dampness in the SE corner. The irrigation has been repaired and the basement has remained dry.

Also, upon purchasing the house, the original lower level bathroom & drain in the laundry room would back up. Since then we have the main sewer cleaned out to remove any roots that have grown in the piping. We perform this every 3-4 years. It was last done September, 2026.

We are going to have the outside chimney tuck pointed 10/26.

Quarterly pest control service (inside & outside)

Monthly yard service & seasonal fertilization performed.

Monthly house cleaning (even while we are away for the season)

Snow removal performed throughout the winter.

Remodeled:

All 3 bathrooms

Kitchen

Refinished & added hardwood floors

Added irrigation system

ADT security system

House inspected by city inspector every 2 years to maintain Rental Certificate

Please use additional sheets as necessary.
